

ZAM-BUK[®]
Ointment

Description	Smooth, translucent, green coloured ointment with aromatic odor, free from foreign matter.
Active ingredients	Each 100 g contains: Eucalyptus Oil 5.02 g Camphor 1.76 g
Properties and Effect	Zam-Buk [®] Ointment contains camphor and eucalyptus oil which act as an external stimulant with rubefacient, antipruritic and mild analgesic properties.
Indications	Medicated ointment for external application. Indicated for temporary relief of pain and itch associated with minor wounds, burns, scalds, chapped hands, mosquitoes and insect bites.
Directions for use	Apply gently to affected area. Covering with sterile gauze is optional.
Warning	This product is contraindicated in children below 2 years of age. Caution must be exercised when older children are treated.
Precaution	It is dangerous to place any camphor-containing product into the nostril of children. A small amount applied this way may cause immediate collapse. - Avoid contact with the eyes. - Do not apply to wounds or damaged skin.
Contraindication	Hypersensitivity to any of the ingredients.
Pregnancy & lactation :	There is no available data for the use of this preparation in pregnancy and lactation.
Side effects :	Occasional hypersensitivity and irritant skin reactions.
Overdose & treatment :	In case of poisoning due to accidental ingestion of the preparation, symptoms affecting the gastrointestinal system, nervous system and respiratory system may occur such as nausea, vomiting, CNS and respiratory depression and convulsions. Discontinue the use of the preparation and seek the care of a physician immediately.
Storage conditions	Store below 30° C.
Shelf-life	Please refers to the labels.
User instruction	The importance in cleanliness cannot be over-emphasised. The presence of dirt, germs or other contaminations not only retards healing but actually increases irritations of any inflamed surface. Always replace the lid immediately after using Zam-Buk [®] .
