Description	Green Oil		
Composition of active ingredients	Menthol	3.57%w/v	
	Camphor	7.14%w/v	
	Methyl Salicylate	42.86% v/v	
	Oil of thyme	3.57% v/v	
	Inert Base to	100%	
Indication	For the symptomatic relief of minor aches and pains of muscle and joints, minor burns, minor cuts, insect bites or skin irritation.		
Dose	Gently massage St. Luke's Oil in thin applications into the sore or painful area as well as into the area immediately surrounding the painful area. The number of thin applications applied controls the intensity of the action of St. Luke's Oil. One application provides a mild effect, two provide a strong effect and three applications provide a very strong effect. Once St. Luke's Oil has penetrated the skin, the area may be washed, leaving the area dry, clean and free from the typical wintergreen odor without decreasing the effectiveness of the product. If you intend to bandage or wrap the area, the area should be washed first to avoid excessive irritation. Rub well at the required area twice or thrice daily.		
Warnings / Precautions	This product is contraindicated in children below 2 years of age. Caution must be exercised when older children are treated.		
	It is dangerous to place any camphor containing product into the nostrils of children. A small amount applied this way may cause immediate collapse.		
	This product contains methyl salicylate and when applied or rub on to the skin, can be absorbed through the skin into the blood. For patients taking warfarin, excessive application on to the skin for muscle or joint pains may increase the chances of bleeding.		
	Use only as directed. Keep away from children to avoid accidental poisoning. Keep away from eyes, mucous membranes, broken or irritated skin. If skin irritations develop, or if pain lasts 10 days or more, or if redness is present, discontinue use and consult a physician. Do not swallow. If swallowed induce vomiting, call a physician.		
Contraindication	Do not use in patients with Aspirin or salicylate Idiosyncrasy.
