

Hovid Omega-3 Fish Oil 1000mg Softgels

VIEPA00-0

DESCRIPTION

Oblong, transparent soft capsule.

COMPOSITION

Omega-3 1000mg per capsule (containing about 18% eicosapentaenoic acid and 12% docosahexaenoic acid).

ACTION AND PHARMACOLOGY

Omega-3 is a mixture of the triglycerides of the fatty acids from marine fish. It contains the equivalent of about 18% w/w of eicosapentaenoic acid and 12% w/w docosahexaenoic acid. Eicosapentaenoic acid and docosahexaenoic acid are precursors of eicosanoids in fish. When taken by man, they compete with the precursor arachidonic acid.

INDICATIONS

As a dietary supplement.

WARNINGS AND PRECAUTIONS

- Should be given with caution to patients with haemorrhage disorders or those receiving anticoagulants or drugs affecting coagulation.
- Give with caution in asthmatic patients sensitive to aspirin.

MAIN SIDE/ADVERSE EFFECTS

May cause nausea and eructation at higher doses.

DRUG INTERACTIONS

There is no data available.

OVERDOSAGE

Data on the symptoms and treatment for overdosage of Omega-3 has not been documented.

DOSAGE AND ADMINISTRATION

For oral use.

Adults: 2 softgels daily to be taken with meals.

Note: The information given here is limited. For further information consult your doctor or pharmacist.

Shelf-life: 3 years from the date of manufacture
