

AQUEOUS CREAM

Containing:	
Cetomacrogol 1000	2.75% w/w
White Soft Paraffin	17.85% w/w
Preservative:	
Chlorocresol	0.1% w/w

Product Description: White and smooth cream.

Pharmacodynamics:
Aqueous cream acts to hydrate the skin, and aids the penetration of active drug in the preparations in which it is used. It is used to re-hydrate dry or chapped skin.

Pharmacokinetics: No information available.

Indication:
It may be used as an emollient cream by itself or to serve as vehicle for other drugs.

Recommended Dosage:
Sufficient cream should be applied to cover the affected areas twice daily or as directed by the physician.

Route of Administration: Topical

Contraindications:
It is contraindicated in patients who have shown hypersensitivity to any of its ingredients.

Warnings and Precautions:
For external use only. Avoid getting the cream into the eyes. If reactions suggesting sensitivity or chemical irritation are observed, the use of the cream should be discontinued.

Interactions with Other Medicaments: No known interaction.

Pregnancy and Lactation:
The product is unlikely to have any adverse effects when used as indicated.

Side Effects:
No report of side effects available.

Symptoms and Treatment of Overdose:
Overdosage arising from topical administration is not possible.
No harmful effect is anticipated from accidental oral overdosage.

Effects on Ability to Drive and Use Machine: None known

Pack Size: A jar of 100g and 500g.

Storage Conditions: Store at or below 30°C. Keep the container well closed.

Shelf Life: 3 years
