

THIS IS A TRADITIONAL MEDICINE

Livotone

Composition :

Each 1244.50mg of softgel capsule contains :

Milk thistle extract 300 mg
(Silybum marianum seeds)

Other ingredients : Soy bean oil, Gelatin, Glycerin, Iron oxide yellow, black and red.

Indications :

Traditionally used as liver tonic.

Dosage :

Take 1 capsule, twice daily, before meals or as directed by a doctor or pharmacist.

Mode of Administration :

Oral administration.

Contraindications :

Hypersensitivity or intolerance to any component of the product.

Warning & Precaution :

Use caution in patients with diabetes or taking hypoglycemic agents and patients taking medications metabolized by hepatic cytochrome P450 system.

Drug interactions :

There is recent evidence of milk thistle extract in inhibition of CYP3A4 and CYP2C9. Therefore, increased concentrations of concomitant medications may occur. Milk thistle extract has been reported to decrease fasting plasma glucose, hemoglobin A1c (HbA1c), and fasting insulin levels in patients with insulin-dependent diabetes associated with cirrhosis. Concomitant use with other hypoglycemic agents may require dose adjustment.

Pregnancy and breastfeeding : Insufficient reliable data.

Side effects :

Gastrointestinal discomforts such as diarrhea, excessive fullness and nausea have been observed in occasional instances.

Overdose & Treatment :

Milk thistle extract have reported low toxicity.

Storage Condition : Store below 30°C in a dry place. Protect from light and moisture.

Shelf Life: Two years from manufacturing date.

Packaging : Unit carton containing 3x10 capsules blister packed.

Note :

Read the instructions carefully before use.

Do not use the product after the expiry date.

Do not use the product if there are any significant changes in appearance of the capsules.

Keep out of reach of children.

Jauhi dari kanak-kanak.

Please consult your pharmacist / doctor before taking this product.
