

Homecare® Guafensin® Syrup 20mg/mL

Ingredient(s):

Each 5mL contains:

Guaifenesin 100mg
Sodium benzoate (as preservative) 5mg

Pharmacodynamic:

1. For the treatment of coughs, Guafensin Syrup contains an expectorant (Guaifenesin).
2. Guaifenesin has an expectorant action which increases the output of respiratory tract fluid by reducing adhesiveness and surface tension.
3. The increased flow of less viscid secretion promotes ciliary action and facilitates the removal of mucus. This changes a dry, unproductive cough to a cough that is more productive and less frequent.

Pharmacokinetics:

Guaifenesin is absorbed from the gastro-intestinal tract. It is metabolized and excreted in the urine.

Indication(s):

Expectorant for the treatment of productive coughs.

Dosage and Administration:

Adults, the elderly and children over 12 years: One 10mL measure four times daily.

Children

6-12 years : One 5mL measure four times daily

1-6 years : One 2.5mL measure four times daily

Under 1 year : Not recommended

Route of Administration:

Taken orally.

Contraindication(s):

It is contraindicated in patients who have shown hypersensitivity to any of the ingredients.

Side Effect(s) / Adverse Reaction(s):

Gastro- intestinal discomfort, nausea and vomiting have occasionally been reported with guaifenesin, particularly in very large doses.

Precaution(s) / Warning(s):

1. Checking with physician if cough persist after medication has been used for 7 days or if fever, skin rash, continuing headache or sore throat is present with cough.
2. Keep out of the reach of children.

Warning

Unsuitable for phenylketonurics

Pregnancy and Lactation:

Evidence of safety of guaifenesin products in pregnancy and lactation is at present incomplete. However wide usage for many years has shown no apparent ill consequence.

Symptoms and Treatment for Overdosage and Antidote(s):

1. Symptoms: Nausea and vomiting
2. Treatment: Gastric lavage together with appropriate supportive therapy dependent upon individual response to the preparation.

Shelf-Life:

2 years from the date of manufacture.

Storage Condition(s):

Keep in a tight container. Store at temperature below 30°C. Protect from light and moisture.

Product Description & Packing(s):

A clear, reddish solution with peach flavor.

Plastic bottle of 60mL and 100mL.

Guafensin[®] Sirap 20mg/mL
