

NEO DECA Eye/Ear Drops

DESCRIPTION

NEO DECA is a sterile buffered eye/ear drop preparation containing Neomycin Sulphate 0.5% w/v, Dexamethasone Sodium Phosphate 0.1% w/v and Benzalkonium Chloride (Preservative) 0.01% w/v.

PHARMACODYNAMICS

Neomycin is an aminoglycoside antibiotic which is active against many gram-positive and gram-negative bacteria and mycobacteria. Dexamethasone is a synthetic glucocorticoid which has good anti-inflammatory properties. In combination it can act as an antimicrobial and anti-inflammatory agent.

PHARMACOKINETICS

Eye: Neomycin may be absorbed following topical application if tissue damage is present. Dexamethasone is absorbed into aqueous humor, cornea, iris, choroid, ciliary body and retina. Systemic absorption occurs but may be significant only at higher dosages or in extended paediatric therapy.
Ear: Neomycin may be absorbed following topical application if tissue damage is present.

INDICATIONS

Acute steroid responsive inflammatory and allergic conditions with accompanying bacterial infections.

CONTRAINDICATIONS

Hypersensitivity to Neomycin.

INTERACTIONS WITH OTHER MEDICAMENTS

Co-treatment with CYP3A inhibitors, including cobicistat-containing products, is expected to increase the risk of systemic side-effects. The combination should be avoided unless the benefit outweighs the increased risk of systemic corticosteroid side-effects, in which case patients should be monitored for systemic corticosteroid side-effects.

PRECAUTIONS

Prolonged use may result in posterior subcapsular cataract formation and glaucoma with raised opticocular pressure. Perforation has been known to occur in patients with disease causing thinning of the cornea. Extensive use may lead to systemic effects.

This preparation contains Sodium Metabisulphite that may cause serious allergic type reactions in certain susceptible patients. Do not use if known to be hypersensitive to bisulphites.

FORMULA

Dexamethasone 21-Phosphate	0.1%w/v
Neomycin Sulphate	0.5%w/v
Preservative: Benzalkonium Chloride	0.01% w/v

DOSAGE

Initially 3-4 drops every 4 hours then subsequently at longer intervals.

Route of Administration: Eye and Ear

STORAGE CONDITIONS

Store in a dry place below 30°C. Protect from light. Keep out of reach of children. Discard contents 4 weeks after opening. *Jauhkan daripada kanak-kanak.*

SHELF LIFE : Please refer to outer package.

HOW SUPPLIED : 5 ml x 12 bottles

*Product Registration Holder
& Manufacturer:*

Duopharma (M) Sdn. Bhd.
Lot. 2599, Jalan Seruling 59, Kawasan 3,
