

PRIME'S DEXTROMETHORPHAN SYRUP

Description: Red coloured and cherry flavoured syrup.

Content:

Each 5 ml contains :	Dextromethorphan HBr	15mg
	Methylparaben	0.1% w/v
	Propylparaben	0.01% w/v

Indication:

Prime's Dextromethorphan Syrup is indicated for dry unproductive cough due to minor throat and bronchial irritation occurring with colds or inhaled irritants.

Pharmacology:

Dextromethorphan, a non-narcotic cough suppressant, suppresses the cough reflex by a direct effect on the cough centre in the medulla of the brain; and has no other depressant action on the central nervous system.

Oral absorption is rapid and it undergoes hepatic metabolism and renal excretion.

Adverse Effects:

Drowsiness, dizziness, excitation, mental confusion and gastrointestinal disturbances may occur occasionally.

Precautions:

-Caution in patients with asthma and liver disease.

-Safety for use in pregnancy and lactation has not been established.

Warning:

-Not to be used in children less than 2 years of age.

-To be used with caution and on doctor's or pharmacist's advice in children 2 to 6 years of age.

Contraindications:

Avoid in patients receiving monoamine oxidase (MAO) inhibitors.

Overdosage:

Overdosage gives rise to marked adverse effects.

Treatment consists of emesis of gastric lavage, if appropriate. Acidosis and electrolyte losses should be corrected. If marked excitation is present, a sedative may be given.

Dosage and Administration:

Adults : Oral, 1 to 2 teaspoonfuls three to four times daily.

Children 6 to 12 years : Oral, 1 teaspoonful three to four times daily.

2 to 5 years : Oral, ½ teaspoonful three to four times daily.

Storage conditions : Keep container tightly closed. Store in cool, dry place below 30°C.
Protect from light. Keep out of reach of children.

Presentation/Packing : Syrup 15mg / 5ml x 90ml

Shelf life : 2 years
