

DYNA RINGWORM LOTION

MAL19910650X

DESCRIPTION:

LOTION

Colour : Red

Fragrance : Natural

CONTENT:

Salicylic Acid 5% w/v

Benzoic Acid 6% w/v

PHARMACODYNAMICS:

Salicylic Acid facilitates desquamation by solubilizing the intercellular cement that binds scales in the stratum corneum: thereby loosening, the keratin. This keratolytic effect may provide an antifungal action because removal of the stratum corneum suppresses fungal growth. It also aids in the penetration of other antifungal agents.

Benzoic Acid has antibacterial and antifungal properties. Applied externally, it has antimycotic properties and is used for the treatment of fungous infections of the skin.

PHARMACOKINETICS:

Salicylic Acid can be adsorbed through the skin. Salicylate is rapidly distributed throughout body tissues. Salicylate is found in breast milk and it crosses the placenta. The rate of excretion depends on the pH of the urine.

Benzoic Acid is rapidly absorbed from the gastrointestinal tract. It is conjugated with Glycine in liver to form Hippuric Acid which rapidly excreted in the urine within 12 hours. Up to 97% may be excreted in the first 4 hours.

INDICATIONS:

For the treatment of ringworm infections.

DIRECTIONS:

The solution should be applied sparingly to the affected area 2 to 3 times daily.

CONTRAINDICATIONS:

Hypersensitivity.

WARNINGS AND PRECAUTIONS:

The preparation is not recommended for prolonged use for the treatment of over large areas of the body, large wounds, on broken or inflamed areas of the body.

PREGNANCY AND LACTATION:

No harmful effects reported with the use in pregnant or lactating mothers.

SIDE-EFFECTS:

Salicylic Acid is a mild irritant and application of Salicylic Acid preparation to the skin may cause dermatitis.

SYMPTOMS AND TREATMENT OF OVERDOSE:

Symptoms of acute systemic salicylate poisoning have been reported after the application of Salicylic Acid solutions to large areas of the body.

Treatment would include stop using the medication and seek the advice of a medical practitioner.

PACKING/PACK SIZE(S):

Glass bottle of 15 ml.

JAUHI UBAT DARIPADA KANAK-KANAK

KEEP OUT OF REACH OF CHILDREN

Avoid Contact With Eyes

FOR EXTERNAL USE ONLY
