

HYCOLIC SYRUP 5mg/5ml

Description: Plain, raspberry flavoured syrup.

Contents

Hyoscine N-Butylbromide	5mg/5ml
Methylparaben	0.1%
Propylparaben	0.01%

Pharmacology

Hyoscine butylbromide, an anticholinergic agent, reduces smooth-muscle tone and diminishes gastric and intestinal motility. It is used in conditions associated with visceral spasms.

Indications

Indicated in spasm of the gastro-intestinal or genito-urinary tracts and in spasmodic dysmenorrhoea.

Adverse Effects

Dry mouth, increased intra-ocular pressures, blurred vision, flushing of skin, tachycardia with palpitations and arrhythmias, urinary retention, constipation, vomiting and giddiness may occur occasionally.

Precautions

- Use with care in elderly men and in patients, especially children, with fever.
- Caution in patients with conditions characterised by tachycardia such as thyrotoxicosis, cardiac insufficiency or failure, and in cardiac surgery.
- Safety for use in pregnancy and lactation has not been established.

Contraindications

Not recommended for patients with prostatic enlargement, paralytic ileus or pyloric stenosis and glaucoma.

Drug Interactions

Concurrent use of other anticholinergic agents, such as amantadine, some antihistamines, butyrophenones and phenothiazines, and tricyclic antidepressants may enhance their effects.

Overdosage

Toxic doses may cause tachycardia, hyperpyrexia, restlessness, confusion and excitement, hallucinations, rash, circulatory failure and respiratory depression.

Treatment consists of gastric lavage and the necessary supportive therapy. Excitement may be controlled by diazepam or a short-acting barbiturate.

Dosage and Administration

- Adults — Oral, 2 to 4 teaspoonfuls (10 to 20ml) 3 to 4 times a day, the dosage being adjusted as needed and tolerated.
- Children — over 6 years — Oral, 2 teaspoonfuls (10ml) 3 to 4 times a day.
below 6 years — Oral, 1 to 2 teaspoonfuls (5 to 10ml) 3 times a day.
- Infants — Oral, 1 teaspoonful (5 ml) 3 times a day, or as directed.

Storage

: Keep container tightly closed.

Store in cool, dry place below 30°C. Protect from light. Keep away from children.

Presentation / Packing

: Syrup 5mg/ 5ml X 60ml

Shelf-life

: 2 years
