

PRODUCT LITERATURE

WHITFIELD’S OINTMENT

Each 100 g contains:

Salicylic Acid 3 g
Benzoic Acid 6 g

Product Description

Pleasant Odour, white coloured transparent soft ointment.

Pharmacodynamics

Benzoic Acid has antibacterial and antifungal properties. Salicylic Acid is bacteriostatic and fungicidal. It also possesses keratolytic properties.

Pharmacokinetics

If systemic absorption occurs, benzoic acid is conjugated with glycine in the liver to form hippuric acid which is rapidly excreted in the urine. It may also be excreted as benzoglucuronic acid. Salicylic Acid is rapidly distributed to all the body tissues if absorbed, and the rate of excretion in the urine is dependent on the pH.

Indication

Management of fungal infections

Recommended Dose

Apply a thin film over the affected area, 2 or 3 times a day.

Route of Administration

Topical

Contraindications

Whitfield’s Ointment is contraindicated in patients with a known sensitivity to Benzoic Acid or Salicylic Acid.

Warning and Precautions

Whitfield’s Ointment should not be used on skin affected by psoriasis or eczema. Whitfield’s Ointment may cause allergic reactions in some patients.

Interactions with Other Medicaments

There are no known interactions with Whitfield’s Ointment.

Pregnancy and Lactation

Whitfield’s Ointment should not be used in pregnancy without medical supervision.

Side Effects

Side effects with Whitfield’s Ointment are very rare.

Benzoic Acid: Allergic reactions to Benzoic Acid have been reported. It can be irritant to the eyes, skin and mucous membranes.

Salicylic Acid: Salicylic Acid is a mild irritant, and application of preparations containing salicylic acid to the skin may cause dermatitis. Symptoms of acute salicylate poisoning have been reported after prolonged application of salicylic acid ointments to large areas of the body.

ADR: Burning sensation, Skin Peeling

Symptoms and Treatment of Overdose

No special procedures or antidote is likely to be necessary.

Packing

Packed in plastic jars of 30 g and 50 g

Shelf Life

Store below 30⁰C in a dry place, protected from direct light.
Keep away from reach of children

Expiry Date

2 years from date of manufacture.
