

SURBEX®

PROTECT

Film-Coated Tablet

Description

19mm minim ovaloid shape biconvex bilayered film coated tablet with lucent orange colour. It is tasteless, odourless and is embossed with Abbott logo.

Each SURBEX® PROTECT tablet provides:

Layer 1

Vitamin B1	12 mg
Vitamin B2	15 mg
Vitamin B3	100 mg
Vitamin B5	18 mg
Vitamin B6	8 mg
Vitamin B12	12 mcg
Folic Acid	400 mcg
Vitamin C	250 mg
Vitamin E	30 I.U.
Zinc	15 mg

Layer 2

Coenzyme Q10	30 mg
Vitamin C	250 mg

Indication

As a health supplement.

Dosage and Administration

Usual adult dosage is 1 tablet once daily after food or as directed by doctor or pharmacist.

Side Effect

Bright yellow urine discolouration has been reported with riboflavin usage.

Precaution

Pyridoxine may interact with levodopa, but can be avoided if levodopa is given in combination with a decarboxylase inhibitor. Coenzyme Q10 undergoes biotransformation in liver and is eliminated primarily via the biliary tract and can accumulate in patients with hepatic impairment or biliary obstruction.

Contraindication

Surbex® Protect is contraindicated in patients known to be hypersensitive to any of its components.

Signs of overdose

Acute overdose of zinc may cause vomiting, abdominal pain, dizziness, dehydration and electrolyte imbalances.
