Dual-eze Enteric S.C. Tablets 60 MG

Composition

Each enteric coated tablet contains:-
Simethicone 60mg

Description

Red to reddish-violet, round, convex, sugar coated tablets.

Pharmacodynamic

Dual-eze contain activated dimeticone, a chemically inert gastric defoaming agent which alters the elasticity of interfaces of mucous-embedded bubbles in the gastro-intestinal tract.
The gas bubbles are thus broken or coalesced and in this form, the gas is more easily eliminated through belching or passing flatus.

Pharmacokinetic

Activated dimeticone is not absorbed from the gastrointestinal tract and does not interfere with gastric secretion or absorption of nutrients. Following oral administration, it is excreted unchanged in the faeces.

Indication

Anti-flatulent defoaming agent for the symptomatic relief of flatulence, wind pains, bloating, abdominal distension and other symptoms associated with intestinal gas.

Dosage

Adults and children over 12 years: one or two tablets daily, taken with meal or at bedtime.
Do not exceed 8 tablets per day except under the advice and supervision of a physician.

Route of Administration

For oral use only.

Warning and Precautions

If pregnant or breast-feeding, ask a health professional before use. Keep out of reach of children.

Contraindication

Hypersensitivity to the active substance and any of the ingredients.

Interactions with Other Medicaments

None reported.

Pregnancy and Lactation

As dimeticone is not absorbed, it is not anticipated that Dual-eze will have any adverse effects on pregnancy and lactation. However, as with all drugs, caution should be exercised in these conditions.

Side Effects

Minor adverse effects: nausea and constipation.
Rarely, hypersensitivity reactions such as rash, pruritis, facial oedema, tongue oedema and respiratory difficulty have been reported.

Overdose & Treatment

No cases of overdose have been reported. Theoretically, constipation may occur. Treat with fluids and keep under observation.

Effects on Ability to Drive and Use Machine

None stated.

Storage

Store below 30°C. Keep out of reach of children.

Package

Box of 20 tablets (2 x 10 tablets/blister)
Box of 100 tablets (10 x 10 tablets/blister)

Manufacturer

Synmosa Biopharma Corporation, Synmosa Plant
No. 6, Kuang Yeh 1st Road, Hu-Kuo Hsiang, Hsin-Chu Ind. Park, Hsin Chu Hsien, Taiwan, R.O.C.
