

BioWell BBZINE CREAM

VIBBZxx-05
BWxxxx-YYMMDD

DESCRIPTION

Light pink cream with sheen.

COMPOSITION

Calamine	4.00% w/w
Zinc Oxide	3.00% w/w

PRESERVATIVE

Chlorocresol 0.20% w/w

ACTIONS AND PHARMACOLOGY

Biowell BBzine Cream has a mild astringent action on the skin and is used as a soothing and protective application in eczema and as a protective agent to slight excoriations.

INDICATIONS

For the treatment of dermatitis, pruritus and other superficial skin irritations.

CONTRAINDICATIONS

Hypersensitivity to the active substance or to any of the excipient.

WARNINGS AND PRECAUTIONS

- For external use only.
- Not to be taken.
- Avoid contact with the eyes and other mucous membranes such as mouth, nose and genital region.
- Not to be applied to abraded, blistered, raw or oozing areas of the skin.
- Do not use on open wounds or burns.
- Discontinue use if rash, irritation, burning sensation or sensitivity develops/ occurs.
- If symptoms persist, consult your pharmacist or doctor.
- Keep securely closed when not in use.
- Keep out of the sight and reach of children.
- Instruct patients not to smoke or go near naked flames – risk of severe burns. Fabric (clothing, bedding, dressings etc) that has been in contact with this product burns more easily and is a serious fire hazard.
- Washing clothing and bedding may reduce product build-up but not totally remove it.
- This medicine contains Cetostearyl alcohol which may cause local skin reactions (e.g. contact dermatitis).
